

the same period the value of products increased \$1,668,821, or 12.1 per cent. The average number of wage-earners employed in 1905 was 18,191, and constituted 15.2 of the total for the State, while the increase in number was 288, or 1.4 per cent. The wages paid increased \$61,166, or 1.6 per cent.

The bulletin called attention to the fact that there was a change made in 1905 in securing reports for this industry, one of the results of which was the elimination of certain duplications that occurred at the census of 1900. It is probable, therefore, that the increase in the number of wage-earners was much greater than is shown, while the increase in the value of products would appear far greater if made actually comparable with that of 1900. In 1900 the rough lumber used in the planing mills connected with the saw mills entered twice into the value of the products of the industry—first, as rough lumber, and again as dressed lumber. This duplication which was eliminated at the census of 1900, probably raised the actual increase to \$2,655,260, or 25.4 per cent.

The number of planing mills in 1905 showed an increase of 29. The capital invested increased \$1,070,054, or 26.1 per cent; the value of products \$1,637,154, or 27.8 per cent; the average number of wage-earners, 864, or 51.3 per cent, and wages paid, \$25,305, or 37.4 per cent.

#### Textile Industries.

The three textile industries—cotton goods, hosiery and knit goods, and woolen goods—combined held a very important place in the manufacturing operations of Virginia both in 1900 and in 1905. While there was a decrease of two in the number of establishments for the combined industries, the capital increased \$2,663,744, or 43.2 per cent; the average number of wage-earners, 869, or 15.7 per cent; the wages paid, \$25,271, or 23 per cent; and the value of products, \$2,000,570, or 61 per cent.

The manufacture of cotton goods was the most important branch of the textile group. For this industry the capital increased \$2,644,222, or 50.5 per cent; the value of products, \$1,829,120, or 68.0 per cent; the average number of wage-earners, 525, or 17.8 per cent, and wages paid, \$215,352, or 32.2 per cent. Brown or bleached sheetings and shirtings constituted the principal product in 1905, in which year the production amounted to \$3,308,557 square yards.

#### Hosiery and Knit Goods.

Hosiery and knit goods was second in importance among the textile manufactures in 1905 and ranked thirteenth among the selected industries. While there was a decrease of \$223,045, or 29.9 per cent, in capital, and of three in the average number of wage-earners, the wages paid increased \$35,450, or nine per cent, and the value of products, \$609,558, or 40.7 per cent. Cotton shirts and drawers constituted the most important product at both censuses, and increased 153,014 dozens, or 26.3 per cent, in quantity, and \$34,167, or 45.2 per cent, in value.

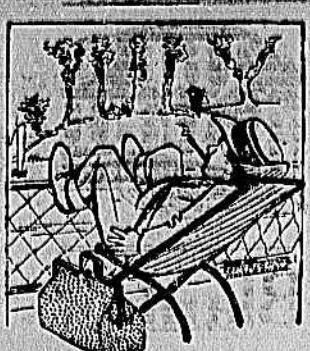

Woolen goods, measured by the value of products, was the least important branch of the textile industry, and ranked fourteenth among the selected industries in the State. There was a decrease of four in the number of establishments reported, but an increase of \$282,607, or 33.5 per cent, in the capital, \$522,205, or 58.1 per cent, in the value of products; 287, or 79.3 per cent, in the average number of wage-earners, and \$75,482, or 72.7 per cent, in the amount paid in wages.

#### Railroad Companies.

Car construction and general shop work by steam railroad companies was fourth in rank in 1905 and fifth in 1900. While there was an increase of but 1 in the number of establishments, the capital increased \$1,035,089, or 58.1 per cent; the value of products, \$1,415,788, or 35.5 per cent; and the average number of wage-earners, 423, or 49.2 per cent, and the wages paid, \$1,211,013, or 41.4 per cent.

The leather industry, which was seventh in rank in 1900, was sixth in 1905. Between 1900 and 1905, the value of the products increased \$1,112,822, or 23.0 per cent. There was also an increase of 100, or 12.7 per cent, in the average number of wage-earners, and \$4,022, or 14 per cent, in the amount paid in wages.

#### "Berry's for Clothes."

"Existence is a limited affair. We only have a certain amount of energy at our disposal." —The Philistine.

#### DO YOU THINK?

Think-to-day what a difference it will make to have everything comfortable, light, cool, fresh and in perfect taste. No matter where you go or what you do, we have every requisite in the realm of clothes to put you at peace with yourself, the weather and the world.

The suits at \$9.75 were \$15.00.  
Suits at \$12.75 were \$18.00 and \$20.00.  
The finest \$25.00 and \$28.00.  
Suits, at \$17.75.

We've the best White Negligee Shirt ever offered by any store at \$1.00.

And other attractive things.

Not a Trunk or Bag want that we can't supply at the lowest figure!

## EAGLES HOLD JOLLY PICNIC

Dispense a Generous Hospitality at the Ellerslie Farm.

#### CITY OFFICIALS WERE GUESTS

Jamestown Construction Company Desire to Use the Pocahontas Basin.

(Special to The Times-Dispatch.)

PETERSBURG, VA., July 18.—Petersburg Aerie of Eagles' second annual picnic at the Ellerslie Farm, in Chesterfield, to-day was the biggest and jolliest celebration that famous and beautiful old picnic resort has seen since Eagle hospitality made merry there last year.

The committee on arrangements, with Mr. Charles R. Walsh as chairman and Mr. Joe T. Brown as secretary, gave an "Ole Virginia" welcome to about two hundred guests, who, with the many members of the big aerie, marching to "Dixie" by the Cliftons' Band, lined up at the weighted tables for a great plantation dinner, which received vastly more than justice, after which baseball games, pig races, boxing matches, and every variety of picnic entertainment drew crowds of cheering onlookers.

The baseball game between the Eagle and Petersburg teams was in full swing, with Eagles ahead—3 to 0—when the release of the greased pig, chased by a scrambling crowd, proved an irresistible piece of fun and attracted all the roosters, the pig soon surrendering to superior numbers.

Among the big crowd of guests were many of the city officials and a large number of prominent citizens. Governor Swanson sent a letter expressing his great regret that a previous engagement prevented his coming.

The Jamestown Construction and Amusement Company wants to exhibit at the exposition the famous old Indian relic "Pocahontas' basin," a great stone bowl resembling a mortar, which for many years has stood at the northern end of Pocahontas Bridge across the Appomattox River here, and is a favorite object of sightseers as the basin used by the Indian princess, daughter of Powhatan.

Mayor Jones to-day received a letter from the company asking the concession of using the relic as a part of "Old Jamestown."

The Mayor will refer the letter to the City Council, and the big font, with its curious tradition, will probably play a most appropriate part in the Indian exhibit.

Personals and Briefs.

Mrs. Sparks W. Melton and little son, Carroll, of Augusta, Ga., have been spending several weeks with Mrs. Melton's parents, Dr. and Mrs. James Nelson, at the Woman's College. They leave this week for Nelson's country home, Newbern, in Chesterfield County.

Mrs. William Hugh Nelson and Misses Alice and Laura Nelson, Dr. and Mrs. James Nelson and Mrs. Sparks Melton and son, Carroll, have returned from Ocean View, where they spent a week.

(Special to The Times-Dispatch.)

CHATHAM, July 18.—Baptist Episcopal Church was to-day the scene of a very pretty wedding, when Miss Jane Hurt, youngest daughter of Captain and Mrs. R. Logan Coleman, of Riceville, Pittsylvania county. The edifice had been tastefully decorated, and was filled with friends of the contracting parties. To the strains of Mendelssohn's wedding march, the bride party entered headed by the maid of honor, Miss Julia Coleman, eldest daughter of the groom, becomingly attired in white, and carrying a large bouquet of Marcella roses. She was followed by the bridegroom, who entered with his father, and was joined at the altar by the groom and his best man, Colonel E. S. Reid, of Chatham.

Rev. C. O. Pruden, rector of the Parish, officiated, assisted by Rev. C. C. Welliver. To the strains of Mendelssohn's recessional, the couple repaired from the church in reverse order, and were driven to the Southern Depot, where Mr. and Mrs. Coleman boarded the Northern vestibule train for an extended tour of Northern cities.

The bride, a pretty brunet, was gowned in a traveling suit of blue silk, with hat and gloves to match, and carried a large bouquet of bride's roses. She is a young woman of many accomplishments, and very popular in Pittsburgh, and enjoys wide and popular acquaintances. After their tour, Mr. and Mrs. Coleman will be at home to their friends, at the groom's country residence, near Riceville.

#### COLEMAN—HURT.

#### Emmanuel Episcopal Church the Scene of Pretty Ceremony.

(Special to The Times-Dispatch.)

NEW YORK, July 18.—It was learned to-night that the sufferer in the \$50,000 jewel robbery, which was reported to the police yesterday, and which is still surrounded with great mystery, is Mrs. Halsey Corwin, wife of a young millionaire of this city. This is the second time Mrs. Corwin has been the victim of jewel thieves. Two years ago at an uptown hotel, where she had taken up, \$30,000 worth of jewels were taken by hotel attaches, but were recovered.

Sheriff Accidentally Shot.

(By Associated Press.)

DELAND, FLA., July 18.—Sheriff J. R. Turner was shot in the left breast and perhaps fatally wounded by his deputy, C. M. Kurtz, while they were raiding a "blind tiger" at Lake Helen, Ind.

Kurtz fired at one of the negroes who was trying to escape. The bullet struck the side of a door glazed and then all favor the condemned most heartily. In discussing the subject last night Captain Mills said:

"I am offering the measure for the improvement of the building of the Bank of Richmond and the property occupied by the Commercial Hotel property into the street four feet beyond the line of the other buildings. This I regard as a mark of favor to the condemned most heartily. In discussing the subject last night Captain Mills said:
